8. CONDITION 3: PURPOSE SPECIFICATION

Condition 3 details the reasons for collecting data and specifies that this data should only be kept on the system(s) or websites for as long as necessary to process what the users do on systems.

There are two aspects around this. The first one is that the learner/delegate should be identified, and that proof of this identity could be required to be uploaded to the system.

SPW Online is an online events system, whereby users on the system completes various eventrelated activities and records of these activities are linked to the users.

Commerce Edge Connect is an online learning system, whereby users on the system completes learning activities and records of these activities are linked to the users. The law requires that this information is kept for 5 years.

8.1. Third party data processing

Certain information is required by governing bodies, e.g. the Quality Council for Trades and Occupations (QCTO), various SETAs, CIPS and CILT. By rule of law, we trust that these organisations will abide by the POPI Act, and therefore cannot take any responsibility or liability for these bodies' processing policies.

The Company Website may offer links to third-party websites, including payment gateways for credit card payment. You should be aware that operators of linked websites may also collect your personal information (including information generated using cookies) when you visit their websites. If you

follow a link to any of these websites, it is important to note that these websites have their own terms of use and privacy policies and that the Company does not accept any responsibility or liability for them.

The Company is not responsible for any representations, information, warranties, or content on any website of any third-party. The Company does not exercise control over third-parties' privacy policies. The Company is not responsible for how such parties collect, use, or disclose your information. It is important for you to familiarize yourself with their privacy policies before providing them with your personal information

The Company may use Google Analytics or other similar analytical tools to obtain information collected to display, optimise, and personalise advertisements and customer experience on our Website(s) to determine which advertisements you may find useful, and to personalise your experience on the Website.

Other information may be used for Alumni Communication, Notification of Professional Development Events, Training and Further Education.

9. CONDITION 4: FURTHER PROCESSING LIMITATION

The following measures are put in place to ensure users' privacy:

There are three options available on the Commerce Edge Connect and SPW Online systems when it comes to users' information:

- Not visible
- Visible to user
- Visible to everyone

All data fields are set to "Visible to user", so that only the user and the Systems Administrator can access their own personal data. Relevant information may be sent to our CRM and be viewed by our Customer Service Agent to support our learners in their studies.

Who is this field visible to?  Visible to user 

Email display default is set to hidden:

Email display  Hide my email address from non-privileged users 

10. CONDITION 5: INFORMATION QUALITY

When a user signs up with the Academy and Training Business Unit for an Accredited Programme, proof of ID is required for registration with the relevant Academic Body or Authority. Therefore, along

with personal information entered on the system, a verified proof of ID should also be uploaded to the system (Only for learners studying towards an Accredited Programme. ID Documents are not required for non-accredited short courses). The user receives a username and password, which is used to log in to Commerce Edge Connect.

- Commerce Edge will take reasonably practicable steps to ensure that the personal information is complete, accurate, not misleading and updated where necessary
- In taking the steps referred to above, Commerce Edge must have regard to the purpose for which personal information is collected or further processed

Commerce Edge Connect provides all users with the ability to update and ensure correctness of their own personal information through the “Update my profile” functionality.

11. CONDITION 6: OPENNESS

Commerce Edge South Africa will take reasonably practicable steps to ensure that learners and delegates (All users) are made aware of:

- the information being collected and if not directly from the data subject, the source from which it is collected
- the name and address of Commerce Edge South Africa
- the purpose for which the information is being collected (Available in Annexure A)
- whether or not supply of this information by the data subject is voluntary or mandatory
- the consequences of failure to provide such information
- any particular law which authorizes or requires the collection of the information
- the intention of Commerce Edge South Africa to transfer the information to a third country or international organization and the level of protection provided to this information by that country or organization
- any further information necessary to enable processing in respect of the learner to be reasonable, taking into account the specific circumstances in which the information is to be (or not to be). For example:
 - recipient or category of recipients of the information
 - nature or category of the information
 - existence of the right of access to and right to rectify the personal information collected
 - the existence of the right to object to the processing of the information
 - the right to lodge a complaint to the Information Regulator

12. CONDITION 7: SECURITY SAFEGUARDS

Commerce Edge Connect and SPW Online work with system roles and capability security. Thus, only individuals who should have the capability to view certain information, has that capability.
